PROGRAM OVERVIEW

The Digital Photography Enrichment Program invites participants to explore photography as a tool for self-expression, connection, and skill-building. Through guided activities, participants learn to see the world differently, capture meaningful moments, discuss their work, and build a small portfolio that reflects their interests and perspective.

GOOD FIT FOR

- Participants who enjoy creativity, photos, technology, or storytelling.
- Individuals who benefit from a structured, supportive, small-group setting.
- Participants interested in building confidence, communication, and digital skills.

WHAT TO BRING

- • A smartphone, tablet, or digital camera, if available.
- • Device should be charged before class.
- • Support will be provided for participants new to using a device.

PARTICIPANTS WILL PRACTICE

- Camera basics: framing, focus, lighting, angle, and perspective.
- Visual storytelling: choosing a subject, capturing emotion, and explaining why an image matters.
- Digital skills: organizing images, basic editing, and selecting strongest photos.
- Communication and confidence: sharing work, receiving feedback, and presenting a final project.

SAMPLE SESSION FLOW

- Welcome and creative prompt of the day.
- Mini-lesson with examples and demonstration.
- Hands-on photo challenge or guided practice.
- Review, reflection, and next-step assignment.

PROGRAM OUTCOMES

Participants work toward a growing photo portfolio, stronger creative decision-making, and more comfort sharing their voice through images.
